

## **Local resident email outlining concerns**

Good evening,

I am writing this email in response to the circulated note regarding a 20 mile an hour speed limit.

<https://www.westmerseatowncouncil.gov.uk/Current-Surveys>

I am hoping you can advise me how the West Mersea Town Council propose to canvas local public opinion. I can of course respond as an individual but I think it would be more powerful if a consistent message came via the Town Council.

You may recall at the time of your election we did communicate about the need for a lower speed limit on the island and I'm hoping that somehow we can capitalize on this initiative to do something about the situation.

Kind Regards
