25/175 Public participation

MOP-1 Welcomed Cllr Webster as the new Mayor and Cllr Jenkins as the Deputy Mayor. Reiterated the importance of the AGAR in terms of ensuing the Council's accountability. Noted the shortcomings relating to the completion of the 2023/24 AGAR and why some councillors are not serving on committees.

MOP-2 Stated that the reserve in the prepaid burial scheme was £50,000 and not £65,000 as printed on the agenda. The external auditor has been advised of this issue and made the necessary amendments. Other issues raised have not been acknowledged by the external auditor. Noted concerns over Village Green 241 S signage that wrongly infers rights of access and use where none do or should exit, which could have been avoided if previous work undertaken had been used.

MOP-3 Speaking on behalf of MISA concerns were noted. Press coverage suggested the Glebe project abandonment and that the working party may be dissolved. Questioned why this was not communicated to MISA before the statement was made. With regards to the Glebe benefiting the wider community it was noted that the Glebe is part of that community. Section 106 money states that the community contribution is to support Project A – a new multi use facility at the Glebe or project B- upgrades to the MICA. Asks what is WMTC formal stance on the refurbishment to the Glebe and the legal obligations of the landlord in relation to the condition of the building. Stated that after completion of 2023 survey issues have still not been addressed. Questioned issues around the lease negotiations and delays blocking fund opportunities enabling refurbishment. Asked when WMTC will reengage in discussions. Requests an urgent meeting.

MOP-4 Noted the state of the flower bed in the middle of the green, which has been neglected and continues to be neglected by ECC. Stated that the weeds in front and to the side of the library need to be sprayed. ECC owns this land.
